MEMORANDUM FOR: Director of Training

25X1A6a

SUBJECT : Retention of Sabotage Training Course, [REDACTED]

25X1A6a

25X1A9a

1. As I am sure you know, Project AQUATONE personnel have been making fairly regular use of the Sabotage Training which you have been offering as a part of your curriculum at [REDACTED]. I understand from [REDACTED] [REDACTED] Project Security Officer, that there is a distinct possibility that this course offering will be withdrawn in the near future by the Office of Training, or at least that portion having to do with actual training in the field.

25X1A9a

2. We have been extremely interested in having our entire Project Security complement receive this field work in sabotage as a part of their training before actual deployment overseas. Our last training class for Project Security personnel is scheduled now for the period from 18 June through 9 July. I do not know if there is any possibility that you could continue to offer Field Sabotage Training at [REDACTED] up through 9 July within the framework of your other commitments; but if there is a chance even as small as a man's hand that this could be done, we would greatly appreciate it.

25X1A6a

3. In order to assist us in our planning, we would appreciate receiving advice from you, even negative ones, at the conclusion of your deliberations on this matter.

25X1A9a
